ARTICLE IV

COVENANT FOR MAINTENANCE ASSESSMENTS

Section 1. Creation of the Lien and Personal Obligation of Assessments. The Declarant, for each lot owned within the Properties, hereby covenants, and each Owner of any lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association:

(1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable attorney's fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. All subsequent purchasers shall take title subject to said lien and shall be bound to inquire of the Association as to the amount of any unpaid assessments. Each such assessment, together with interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety, and welfare of the residents in the Properties and for the improvement, maintenance and insurance of the Common Area, and limited exterior maintenance upon each lot.

Section 3. Exterior Maintenance. In addition to maintenance upon the Common Area, the Association may provide limited exterior maintenance upon each lot which is subject to assessment hereunder, as follows: mowing, fertilizing, watering and planting of trees, shrubs and grass and snow removal on walks and drives. The Association shall from time to time determine the scope and the items to be covered by such exterior maintenance program or the Association may elect to perform no such items of exterior maintenance. The Association may also elect to provide garbage and trash removal, street construction and repairs, and payment of sewer use fees and charges.

In the event that the need for maintenance or repair is caused through the willful or negligent act of the Owner, his family, or guests, or invitees, the cost of such maintenance or repairs shall be added to and become a part of the assessment to which such lot is subject, and such added assessment shall not be subject to the maximum assessment limitations herein contained.

Section 5. Special Assessments for Capital Improvements.

In addition to the annual assessments authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose.

Section 6. Notice and Quorum for Any Action Authorized Under Section 4

Written notice of any meeting called for the purpose of taking any action authorized under Section 4 shall be delivered either personally or by mail to all members not less than 10 days nor more than 50 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty per cent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than 60 days following the preceding meeting.

Section 7. Rate of Assessment. The total annual and special assessments shall be levied at the rate of one-twenty fourth thereof against each lot; provided however that until January 1, 1983 the maximum annual amount that may be levied against any lot upon which there is no completed dwelling as of each January 1st shall be \$25.00 for such year and the remainder of the total assessments shall be levied equally against the built-upon lots.

Section 8. Date of Commencement of Annual Assessments:

Due Dates. The annual assessments provided for herein shall commence as to all lots on the first day of the month following the conveyance of the Common Area. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each lot at least thirty (30) days in advance of each annual assessment period. Written notice

Section 9. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 11 per cent per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the property in proceedings in the nature of a Mechanics Lien foreclosure. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his lot.

Section 10. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

ARTICLE V

ARCHITECTURAL CONTROL

No building, fence, wall or other structure shall be commenced, erected or maintained upon the Properties, nor shall any exterior painting, resurfacing, addition to or change or alteration therein be made until the plans and specifications showing the nature, kind, shape, heights, materials, and location of the same shall have been submitted to and approved in writing as to harmony of external design, color and location in relation to surrounding structures and topography by the Board of Directors of the Association, or by an architectural committee composed of three (3) or more representatives appointed by the Board. In the event said Board, or its designated committee, fails to approve or disapprove such design and location within thirty (30) days after said plans and specifications have been submitted to it, approval will not be required and this Article will be deemed to have been fully complied with. All exposed foundations must be covered with brick and roofs must be wood shingles or other material approved by the Board.

ARTICLE VI

GENERAL PROVISIONS

Section 3. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years. This Declaration may be amended during the first twenty (20) year period by an instrument signed by the owners of not less than ninety per cent (90%) of the lots, and thereafter by an instrument signed by the owners of not less than seventy-five per cent (75%) of the lots. Any amendment must be recorded.

Section 4. Annexation. Additional residential property and Common Area may be annexed to the Properties after December 31, 1977 by the execution and recording of an amendment to this Declaration by all owners of the land to be annexed and by the requisite number of owners of lots as provided in Section 3 of Article VI hereof. Said amendment shall alter Article IV, Section 7, hereof in order to adjust the rate of apportioning annual and special assessments to a basis reflecting the proportionate value of each lot without regard to the value of improvements erected thereon.

Section 5. Special Rights of Mortgagees. Any notice required to be given to an owner must be similarly given to all mortgagees of record covering said Lots 49 through 64 and Parcel "A". In addition to the required consents by owners, it is also required that all such mortgagees of record execute written consents to the dedication, the assessments, the amendments and annexations referred to respectively in Article II Sec. 3(c), Article IV Sec. 5, and Article VI Secs. 3 and 4, above.

Section 6. Special Building Requirement.
