BOOK 1698 PAGE 684

3. Name of Condominium. This Condominium shall be known as the "Tudor Arms Condominium Property Regime."

4. Building.

(a) Number and Location of Building. There is one (1) Building located on the Land which has three (3) structural stories above the ground and a partial basement, each story contains approximately 9,362 square feet. The location of the Building on the Land is shown on the Plat of Condominium Subdivision.

(b) The Building contains twenty-four (24) Units. The principal materials of which the Building is constructed are masonry walls with brick and stucco exteriors, plasterboard ceilings and interior walls, concrete slab basement floor and concrete surface first, second, and third floors. There are surface automobile parking areas adjacent to the Building and there are eleven (11) built-in garage stalls.

5. Units. Annexed hereto and made part hereof as Schedule A is a list of all Units in the Building, their unit designations, location, approximate areas, the value of the Property and of each Unit, and the Percentage Interest of each Unit in the Common Elements determined on the basis of the proportion which the value of each Unit bears to the value of the Property, as of the date of filing of this Master Deed, said values having been estimated by the Developer. The values set forth on Schedule A are solely for purposes of determining Percentage Interests of the Unit Co-Owners, and shall not fix the fair market value of the Units for any other purposes.

6. Dimensions of Units. Each Unit consists of the space measured horizontally between the unpainted surface of the Unit side or inside of the drywall enclosing such Unit, and the space measured vertically from the surface of the concrete floor of such Unit to the plane of the bottom of the joists above. In addition, included as part of a Unit are: (a) The front entrance door of a Unit; (b) all windows of a Unit; (c) inner partitions, unless they are load-bearing walls; and (d) sinks, bathtubs and other plumbing fixtures, refrigerators, ovens, and other appliances located in the Unit and serving solely the Unit.

7. Common Elements.

The General Common Elements consist of the entire Property (including all parts of the Building other than the Units and Limited Common Elements) and included without limitation, the following:

- (a) The Land described in Schedule B;
- (b) All foundations, main walls, load-bearing walls, roof, halls, lobbies, stairways, and entrances and exits of the building;

1003 1005

(c) The basement, yards and gardens;

(d) The compartments or installations of central services such as power, light, gas, cold and hot water, water tanks, pumps, boilers and pipes.

(e) In general, all devices or installations existing for common use;

(f) Courtyard, fountain, sidewalks, driveways and parking lot.

(g) All other elements of the Building rationally of common use or necessary for its existence, upkeep and safety.

8. Encroachments. If any portion of the Common Elements now encroaches upon any Unit, or if any Unit now encroaches upon any other Unit or upon any portion of the Common Elements, or if any such encroachment shall occur after the recording of this Master Deed as a result of settling or shifting of the Building, a valid easement for such encroachment and for the maintenance of the same shall exist so long as the Building shall stand. In the event the Building, the Unit, any adjoining Unit, or any adjoining Common Elements shall be partially or totally destroyed as a result of fire or other casualty or as a result of condemnation or eminent domain proceedings, and then rebuilt, encroachments of parts of the Common Elements upon any Unit or of any Unit upon any other Unit or upon any portion of the Common Elements, due to such rebuilding, shall be permitted, and valid easements for such encroachments and for the maintenance of the same shall exist so long as such reconstructed Building shall stand.

9. Pipes, Ducts, Cables, Wires, Conduits, Public Utility Lines and Other Common Elements located Inside of Units; Support. Each Co-Owner shall have an easement in common with Co-Owners of all other Units to use all pipes, wires, ducts, cables, conduits, public utility lines and other Common Elements located in any of the other Units and serving his Unit. Each Unit shall be subject to an easement in favor of the Co-Owners of all other Units to use the pipes, ducts, cables, wires, conduits, public utility lines and other Common Elements serving such other Units and located in such Unit. The Board of Administrators shall have a right to access of each Unit to inspect the same, to remove violations therefrom and to maintain repair or replace the Common Elements contained therein or elsewhere in the Building. Every portion of a Unit which contributes to the structural support of the Building shall be burdened with an easement of structural support for the benefit of all other Units and the Common Elements.

10. Units Subject to Master Deed, By-Laws and Rules and Regulations. All present and future Co-Owners, tenants and occupants of Units shall be subject to, and shall comply with, the provisions of this Master Deed, the By-Laws and the Rules and Regulations, as they

1698 686

may be amended from time to time. The acceptance of a deed or conveyance or the entering into of a lease or the entering into occupancy of any Unit shall constitute an agreement that the provisions of this Master Deed, the By-Laws and the Rules and Regulations, as they may be amended from time to time, are accepted and ratified by such Co-Owners, tenant, or occupant, and all of such provisions shall be deemed and taken to be enforceable equitable servitudes and covenants running with the land and shall bind any person having at any time any interest or estate in such Unit, as though such provisions were recited and stipulated at length in each and every deed or conveyance or lease thereof.

11. Amendment of Master Deed. This Master Deed may be amended by vote of at least  $66 \frac{2}{3}\%$  of the Co-Owners, cast in person or by proxy at a meeting duly held in accordance with the provisions of the By-Laws. No such amendment shall be effective until recorded among the land records of Douglas County, Nebraska. Provided, however, the Percentage Interests shall not be changed except by unanimous consent of all the Co-Owners, which change shall be evidenced by an appropriate amendatory declaration to such effect recorded among the land records of Douglas County, Nebraska. The Developer reserves the right to establish easements, reservations, restrictions, exceptions and exclusions consistent with the condominium ownership of the Condominium Regime and for the best interests of all of the apartment owners, including Developer, in order to serve the entire Condominium Regime and to supplement or amend this Master Deed, or as amended, or the attached By-Laws, or as amended, without approval of the other Co-Owners required herein, until Developer or its assignees releases control of the Association or upon sale by Developer of the fifteenth apartment unit, whichever occurs first. Developer further reserves the right so long as it is the owner of any unsold apartment, to change the price or terms of sale of any such apartments. No change in the price of an apartment, however, will vary the percentage of interest in the Common Elements for that apartment in the Condominium Regime. The Developer may at any time sell, assign, transfer, lease or rent all or any of its rights and obligations herein.

12. Value of Property and Each Apartment. The value of the property and of each apartment, and according to these basic values, the percentage appertaining to the Co-Owners in the expenses, including taxes, of and rights in the elements held in common are shown on Exhibit "A" annexed hereto and by this reference incorporated as if fully set out herein.

13. Authority to Lease and Use. During the period of sale by the Developer of any apartments the Developer and their agents, employees, contractors and subcontractors shall be entitled to ingress to and egress from the Building and Property as may be required for purposes of the sale of apartments. While the Developer owns any of the apartments and until each apartment sold by it is occupied by the purchasers, the Developer and its

0001678 000687

employees may use and show one or more of such unsold or unoccupied apartments as model apartments and may use one or more of such unsold or unoccupied apartments as a sales office and may maintain customary signs in connection therewith. The Developer during such period of sale and thereafter shall have the right to lease, rent or purchase one or more Units or use same for building personnel or its own purposes.

14. Covenants, Conditions and Restrictions. The following covenants, conditions and restrictions relating to this Condominium Regime shall run with the Land and bind all owners, tenants or such owners, employees and any other persons who use the Property. The Developers may themselves provide for or form an entity for the management of the Condominium Regime. The general Common Elements are for the use and enjoyment of all owners. The ownership of the Common Elements shall remain undivided, and no person or owner shall bring any action for the partition or division of the Common Elements. The Association shall from time to time establish rules and regulations for the use of the Common Elements, and all owners and users shall be bound thereby. The Association shall have the sole jurisdiction over and responsibility for making alterations, improvements, repairs and maintenance of the Common Elements, both general and limited. The share of an owner in the general Common Elements is appurtenant to his condominium apartment and is inseparable from condominium apartment ownership. Assessments against owners for insurance, Common Element expenses, Common Element reserves and for other expenses incurred pursuant to the By-Laws shall be paid within ten (10) days after the date when due. All such sums not paid within the said ten (10) day period shall bear interest at the rate fixed by the Association from time to time from due date until paid. If any owner shall fail or refuse to make any payment of such assessments when due, the amount thereof plus interest shall constitute a lien upon the owner's interest in his condominium apartment and in the property, and upon the recording of such lien by the Association in the office of the Register of Deeds of Douglas County, Nebraska, such amount shall constitute a lien prior and preferred over all other liens and encumbrances except assessments, liens and charges for taxes past due and unpaid on the condominium apartment and except prior duly recorded mortgage and lien instruments. Said lien, together with interest, court costs and reasonable attorney's fees, may be foreclosed in an action in equity against the interest of the owner in the condominium apartment against which the subject assessment was levied. The payment of assessments shall also be the personal obligation of the owner of each condominium apartment and may be recovered in an action at law, together with interest, court costs and reasonable attorney's fees. In the event of payment and satisfaction of a lien filed of record, the Association shall forthwith file with the Register of Deeds a release of same.

(a) Each owner shall be responsible for the following:

(a.1) To maintain repair and replace at his

CON 1678 OR 688

(a.2) If he owns a garage, to maintain, repair and replace at his expense all portions of his garage, including his garage door.

(a.3) To refrain from painting, decorating or changing the appearance of any portion of the exterior of the condominium apartment building unless approved by the Association in writing.

(a.4) To promptly report to the Association any defect or need for repairs which are the responsibility of the Association.

(b) Each condominium apartment shall be used and occupied only as a residence and for no other purpose, except Unit L, and until September 1, 1985, except Unit 20. No condominium apartment may be subdivided into a smaller unit.

(c) Each garage unit shall be used and occupied for the purpose of parking or storing motor vehicles or other items in accordance with such rules and regulations as the Association may prescribe. No business or commercial entity shall be conducted or maintained in any garage unit.

(d) No practice or use shall be permitted on the condominium property or in any condominium apartment which shall be an annoyance to other owners or residents of the area or which shall interfere with their peaceful use and enjoyment of their Property. All portions of the Property and of the condominium apartment shall be kept clean and sanitary and no use thereof shall be made which constitutes a violation of laws, zoning ordinances, governmental regulations or regulations of the Association.

(e) No structures of a temporary character, basements, tents, shacks, barns, out-buildings, or trailers of whatever description shall be built, erected or placed on the lands described herein, either temporarily or permanently, except as required by the Developer.

(f) No recreational vehicles of any description, including but not limited to, boats, motor homes, campers, motorcycles, and all-terrain vehicles, shall be maintained, stored or kept on the lands described herein, or adjacent to the west entrance to the Building, unless housed completely within a garage.

(g) No animals of any kind shall be raised, bred or kept in any Unit, except that dogs, cats, or other household pets may be kept, subject to the rules and regulations established from time to time by the Association.

(h) Trash, garbage and other waste shall be kept only in suitable containers and shall be disposed of in a clean sanitary manner as prescribed from time to time in rules and regulations established by the Association.

15. No Revocation or Partition. The Common Elements shall remain undivided and no Co-Owner or any other person shall bring any action for partition or division thereof, except in the event of the destruction or condemnation of more than three-fourths (3/4) of the building. Except in the event of condemnation or destruction or more than three-fourths (3/4) of the Building, the dedication of the property to the Condominium Property Regime shall not be waived or revoked unless three-fourths (3/4) of the Co-Owners and the mortgagees of all of the mortgages covering the Units agree to such revocation or waiver.

16. Invalidity. The invalidity of any provisions of this Master Deed shall not be deemed to impair or affect in any manner the validity, enforceability or effect of the remainder of this Master Deed, and in such event, all of the other provisions of this Master Deed shall continue in full force and effect as if such invalid provision had never been included herein. In the event of any conflict between the Master Deed and the By-Laws, the terms of the Master Deed shall prevail.

17. Waiver. No provision contained in this Master Deed shall be deemed to have been abrogated or waived by reason of any failure to enforce the same, irrespective of the number of violations or breaches which may occur.

18. Gender. The use of the masculine gender in this Master Deed shall be deemed to refer to the feminine gender and the use of the singular shall be deemed to refer to the plural, and vice versa, whenever the context so requires.
